Prague 9th March 2017

A letter of solidarity

Dear Sir or Madam,

Our trade union organisation ČMOS PŠ would like to express our solidarity in your action held on 9th March 2017 through which you would like to ensure dignification of the education employees' working conditions, ensure the right to education, derogation of the LOMCE, stop the loss of employment and job insecurity and recovery of the rights of education employees.

We wish you success in your actions and in reaching your goals.

Yours sincerely,

František Dobšík
president
